BEST CO-WORKING SPACE

Workshop 17, Telfair

About Workshop17

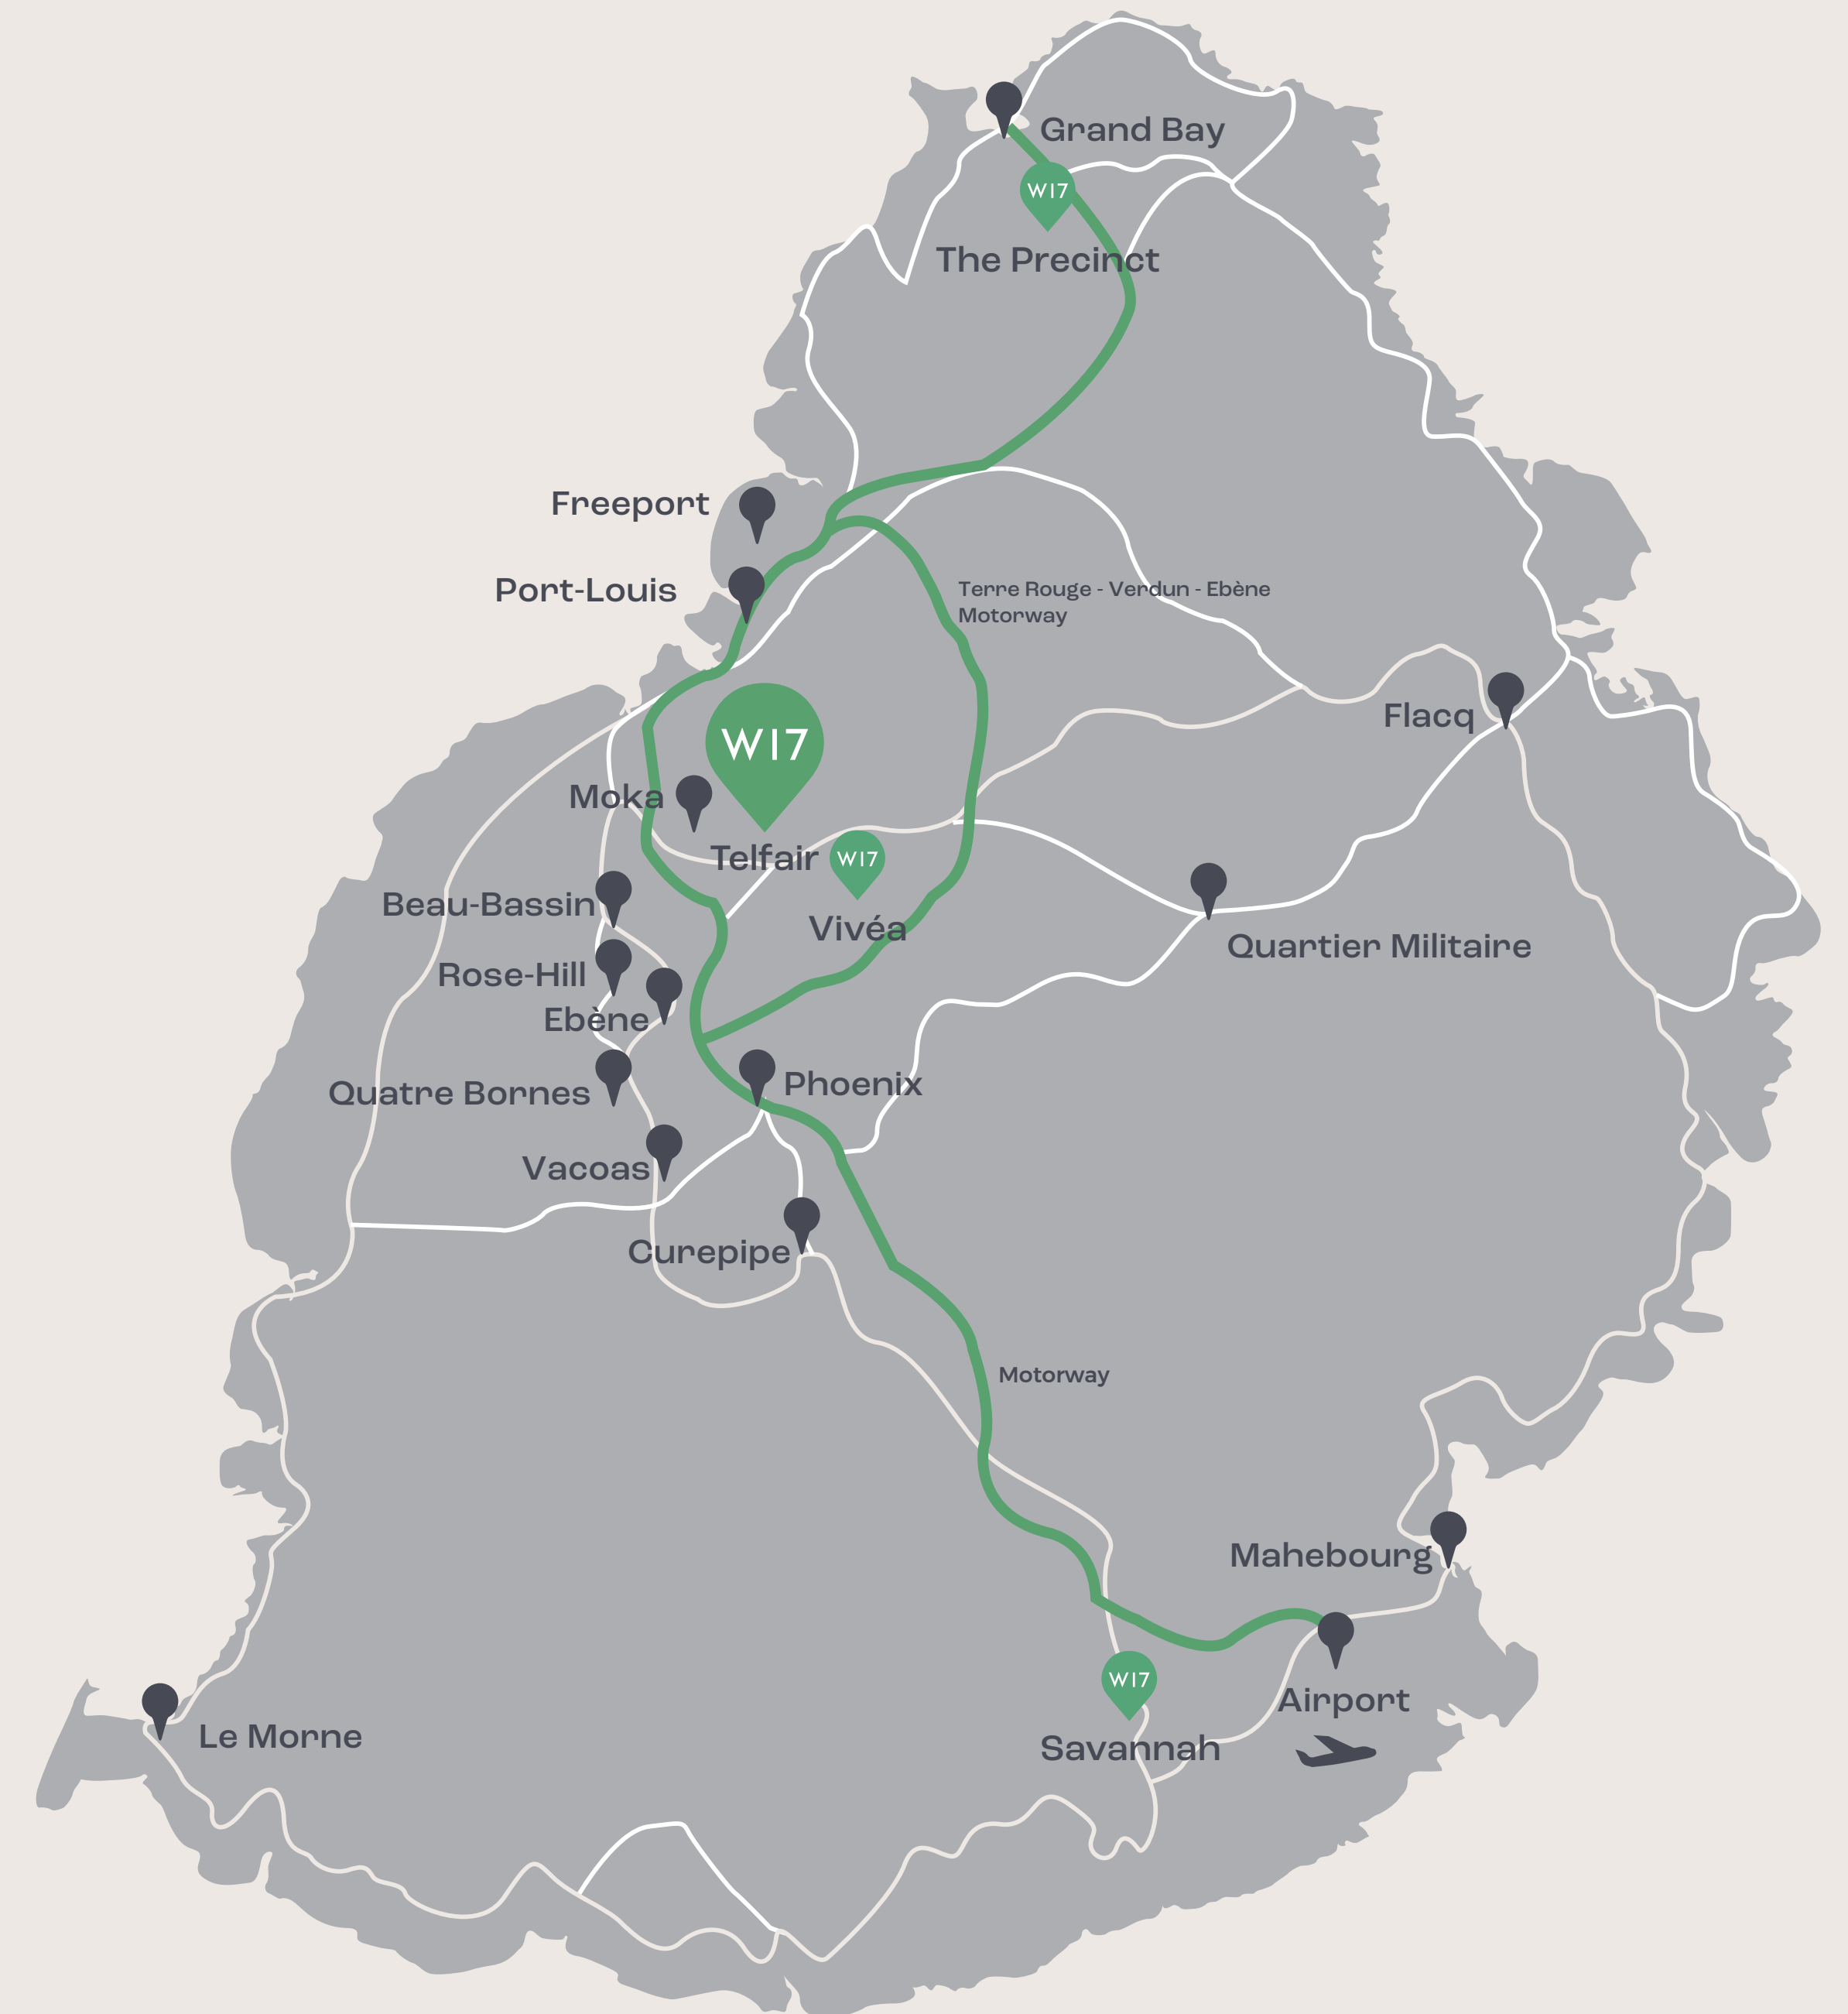

Workshop17 designs, builds and manages workspaces that provide our members with fully serviced office solutions that are flexible, friction free, comfortable and technologically advanced.

We believe that when we collaborate, our capacity to meet the greatest challenges of our time increases exponentially, that's why we created a coworking eco-system that allows its members to excel in a neutral, hassle-free environment.

A modern coworking space ideally located in the centre of Mauritius

Workshop17 Telfair is ideally located in Telfair, Moka, between the country's two motorways and easily accessible with an upcoming metro station in 2024.

LOCATE US

Private offices

Flexible Workzone

Library Lounge

Lobby & barista café

Look and feel

Membership Options

ON THE ROAD

I am on the road a lot and not frequently in the office. I need a business address and access to a professional workspace for 1 to 2 days a week on average.

YOUR OWN BOSS

I don't want to work from home anymore or have decided to move out of my traditional office. I want a professional place to work and connect with others.

ADVENTURER

I am an entrepreneur, on my own or with a team. I need regular access to meeting rooms and the ability to work in different locations. When I grow my team, I want to benefit from preferential rates.

ROOTED

I prefer a dedicated seat for myself or my team. My team and I like the combination of sharing space and having the comfort of our own lock-up and go office. It's the place to grow our ideas and business.

PRIVATE OFFICE

My team and I like the combination of sharing space and having the comfort of our own lock-up and go office. It's the place to grow our ideas and business.
