Membership Options

YOUR OWN BOSS

I don't want to work from home anymore or have decided to move out of my traditional office. I want a professional place to work and connect with others.

ADVENTURER

I am an entrepreneur, on my own or with a team. I need regular access to meeting rooms and the ability to work in different locations. When I grow my team, I want to benefit from preferential rates.

ROOTED

I prefer a dedicated seat for myself or my team. My team and I like the combination of sharing space and having the comfort of our own lock-up and go office. It's the place to grow our ideas and business.

PRIVATE OFFICE

My team and I like the combination of sharing space and having the comfort of our own lock-up and go office. It's the place to grow our ideas and business.

ON THE ROAD

I am on the road a lot and not frequently in the office. I need a business address and access to a professional workspace for 1 to 2 days a week on average.
