WORKSHOP17

The image shows a contemporary meeting or event space. The room features a prominent concrete ceiling with exposed ductwork and recessed lighting. The walls and floor are finished with light-colored wood. A large, tiered wooden structure serves as seating, with each level illuminated from below. Small, round wooden tables are placed on the tiers. To the right, there is a built-in wooden shelving unit with open shelves holding books and decorative items, and a row of lockers at the bottom. A staircase is visible in the background, leading to another level of the space.

**Strategically positioned at the entrance of Grand Baie, in the North of Mauritius, Workshop17 The Precinct is the perfect space for your next meeting or event.**

Our coworking space brings a new trend to Mauritius, with its blend of century-old and contemporary architecture.
